Tasting Notes: What is Al Di La? It is a feeling of love that is beyond far away and further than beyond. This is how we feel about this wine!

Traditional winemaking techniques were used to create Al di La to ensure the highest quality. Welcoming a brilliant crimson color with striking clarity, you will love the tempting aromatics of dark fruit laced with dusty tannins and hints of oak.

The decadent complexity that envelopes your tongue is lush and full, taking you on a journey, with flavors of black raspberry, ripe tannins, plum and a long warm finish.

This wine will invite you back again and again. Beyond forever.
Al di La.
